LB 227, 396, 389, 220

SENATOR MURPHY: Mr. Chairman, I have a problem with Senator Mills bill, as much as I dislike opposing some of his ideas. I am of the firm conviction that there is no way that you can look at an odometer and have any idea at all how far a young couple may have gone in the backseat. I withdraw my motion.

PRESIDENT: LB 220.

CLERK: Mr. President, there's a motion offered by Senator Cullan to indefinitely postpone LB 220. The motion was made yesterday and was laid over til today.

PRESIDENT: Chair recognizes Senator Cullan.

SENATOR CULLAN: Mr. Chairman and members of the Legislature. I believe that we have looked at this bill in some depth. We've spent hours debating it, probably more hours on this bill than any other bill. So everyone understands it and what the problems are. One thing that bothers me is that we still have very little idea of what kind of funds this bill is going to generate. We don't know what the administrative costs are going to be compared to the funds that this bill will generate. Now we've added two or three more things that the bill should do. We've added some more items which the bill should cover and I think it is adequately named the garbage bill and I would urge you to kill it.

PRESIDENT: Senator Schmit.

SENATOR SCHMIT: Mr. President, members of the Legislature. I'd like to ask Senator Cullan a question, please. Senator
